
Scott-Morgan Community Unit School District #2

100 West Rockwood Street, Bluffs, Illinois 62621-0230

217-754-3351

Fax: 217-754-3908

Dr. Kevin Blankenship, Superintendent

Mr. Joseph Kuhlmann, Principal

Our district has been a member of the Prairie State Insurance Cooperative (PSIC) for 5 years. One of the main reasons for our district to join PSIC was the enhanced coverage and limits on that coverage. As the saying goes, no one thinks about their insurance or coverage until they need it and then it is too late. The PSIC team frequently reviews coverage that have a direct impact on schools and makes recommendations to its members to add these coverages to their policies.

PSIC is member driven and governed by elected representatives from those school members. This model allows PSIC to make the best decisions based on our school needs. PSIC maintains its mission to provide a quality service for its members in the most efficient means possible. PSIC members value this mission as PSIC has a 99% retention – simple put member schools join but do not leave the group. PSIC began its service to member schools in 2006 with about a dozen members and has grown to 200 members in 2019.

I would encourage any school district, not currently with PSIC, to give them an opportunity. While you may be able to find “cheaper” or “less expensive” insurance plans, you will not match the policy coverage or the quality of client services of PSIC.

Kevin Blankenship
